

## Bird's Bush Primary School KS2 Swimming Standards 2017-18

As of Easter 2018, 64% of Year 6 (2017-18) are able swim at least twenty-five metres.

2017-18 Sports Funding will be used to support those yet to meet the required standard.

## Bird's Bush Primary School Funding For PE and Sport 2017 - 18

### What is it?

The Government funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

### How much will we get? What is its purpose?

Our priorities for our PE and Sports Premium are to ensure our pupils:

- access high quality PE sessions within the curriculum .
- have access to sporting opportunities outside the curriculum, including at a competitive level.
- are able to experience a range of Sports activities that may be new to them.

Income = £15,400

Expenditure = £7,503.74

Balance = £7,896.26

### Bird's Bush Primary School's PE Vision

At Bird's Bush we aim to provide a high-quality physical education curriculum that inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities.

We aim to provide opportunities for pupils to become physically confident in a way which supports their health and fitness and opportunities to compete in sport and other activities building character to help embed values such as fairness and respect.

## How will we spend the additional funding?

At Birds Bush we have a long record of success in sporting activities and in trying to involve as many pupils as possible in sport on a regular basis.

We intend to build on this tradition by spending the funding in a number of ways:

Initiative	Cost	Intended Outcome	Impact
The Golden Mile	£810	To raise the general fitness of all children across the school.  The Golden Mile is great tool for empowering year 6 pupils to manage the initiative for the whole school and develop organisational skills.	Engage all pupils in physical activity and see a rise in general fitness levels from the beginning of the year.  All children are participating in continuous physical activity for 10 minutes at least 3 times a week as an addition to their 2 PE sessions.

**Evidence:** The Golden Mile aims to inspire and encourage school communities through physical activity with the focus on fun, rewarding personal achievement, pupil leadership and school competition. It provides impact measurements for our school regarding the physical activity of pupils and highlights areas of focus.

**Sustainability:** It is 'All Inclusive': The Golden Mile is unique in the way that every pupil can take part regardless of sporting ability. The initiative is ideal for pupils that are put off by team sports and lack sporting confidence. Pupils compete against themselves and can walk with their friends at their own pace. All children to develop their fitness in some capacity at their own pace.

Initiative	Cost	Intended Outcome	Impact
PlayMakers	£2590	To aid the smooth running of lunch time games.  Encourage participation of playground games and develop leadership skills.	Develop leadership skills such as organisation, communication and teamwork, as well as helping to build confidence and self-esteem as they take on the responsibility of assisting in leading children throughout the school.

**Evidence:** The PlayMaker Award is a great introduction into leadership giving pupils the knowledge of how to organise small games and activities that can be used during lunch times and break times.

**Sustainability:** The programme can be continued and the skill learnt can be carried forward and transferred across into a wide range of leadership roles. Each PlayMaker receives their very own Leadership Journal to record their progress throughout the award.

The leadership journal is kept by the school to evidence impact. PlayMakers will use it to note information that will help them become the best leader they can be. They can record what they did as a leader, what experiences they had and how they learnt from them.

Initiative	Cost	Intended Outcome	Impact
Baseline Measurement testing.	£500	To raise the general fitness of all children across the school.	Autumn Data in and analysed. Target children identified with clubs and extra support from outside agencies.
<p><b>Evidence:</b> Rigorous termly testing will support in benchmarking children's fitness and help identify individuals and groups who may need targeted further support.</p> <p><b>Sustainability:</b> Ongoing fitness assessments with help set SMART targets every term to ensure we diminish the differences with the P.E dataset appropriately.</p>			
Initiative	Cost	Intended Outcome	Impact
Extra curricular clubs	£650	To offer a wider variety of extra-curricular club and encourage more participation across the whole school.	More participants in extra-curricular clubs and new children taking part who wouldn't normally participate.
<p><b>Evidence:</b> Increased take-up in both KS1 and KS2 extra-curricular clubs. (+23% better attendance from Spring One to Spring Two). Spring 1 = Archery. Spring 2 = Martial Arts.</p> <p><b>Sustainability:</b> Review and poll children to see which next 'new sport' is appropriate for our children. Groups moved from KS1 Monday and KS2 Friday to both on a Monday in response to support sibling attendance and change to school week structure.</p>			
Renewal of new teaching skills resources for all staff members to use when planning/teaching PE.	£318 PE Primary website.	Support teacher planning and teaching of PE skills enabling integration of core activities in PE lessons.	Higher variety of skills taught in the PE lessons each week.
<p><b>Evidence:</b> Evidence of subscription resource used in planning through learning walks.</p> <p><b>Sustainability:</b> After discussion on impact (Cross referencing P.E planning against resources used) we felt the subscription wasn't cost effective</p>			
Audit and purchase of additional sports equipment. (Use of funding and Sainsbury's vouchers where possible)	As needed	There will be a good supply of up-to-date sports equipment readily available to support the delivery of sport in the school.	High quality sports provision with modern up to date equipment.  More outdoor provision: Orienteering, etc required. Support sessions for less able swimmers. Safety of indoor gyanastics equipment. Indoor balls.

**Evidence:** Audit completed Spring 1.

**Sustainability:** Complete Audit half yearly.

Bike ability training	No cost	School to provide training for all willing y6 pupils and possibly extend to y5 pupils if capacity allows.	Encourage active participation in cycling and parents to feel happier about their children riding bikes Raise pupil's awareness of traffic and road safety.
-----------------------	---------	---	--

**Evidence:** Scheduled Summer 1.

**Sustainability:** Complete yearly.

Wider Sporting Experiences and competitions.	As needed	A range of experiences provided for children to experience sports and activities that may be new to them. Continue with calendar of sporting events put together throughout the year, including competitions & clubs on offer.	Sign up to Tamworth Sports Council. Allow the children new experiences. More competitions entered: Spring: Swimming gala, U11 National Football competition regional finals.  Develop key skills, British values and Perseverance Introduce children to activities that they may wish to peruse in their free time, thus encouraging healthy living.
--	-----------	---	---

#### Evaluation of plan/ Feed forward information for next year:

##### 2017/18

- Investigate Schools Games Mark: Bronze.
- Lunchtime challenge: 2 per half term to encourage pupils to compete against themselves and better themselves.
- Use system of baseline measuring: Benchmark children's fitness, using this tool to identify underachieving groups and individuals planning in support using this dataset.
- Develop and keep a log of wider range of peripatetic sports coaches and experiences.

##### 2018/19

- Achieve Schools Games Mark: Bronze.
- Investigate Schools Games Mark: Silver.
