

What have we been learning in Early Years this week?

6th - 10th May 2019

Thank you to those parents who joined us for Stay & Play. We hope you enjoyed it!

The children loved our arts and crafts stay and play this week. Thank you to those that came and helped them create jellyfish, octopuses and more! We hope you can join us for our next Stay & Play in the summer term.

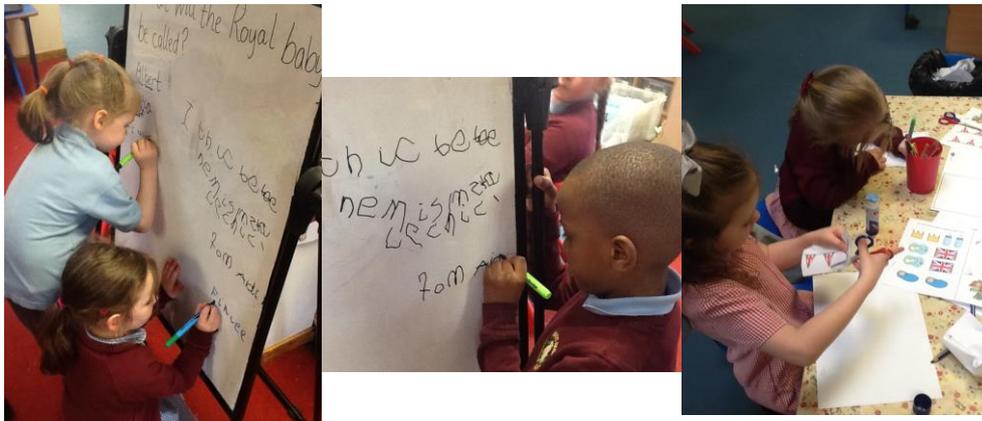

Read, Write, Inc/ Literacy

We would appreciate it if you could practise these sounds with your children at home:

g, c, k, u, b, f, e, l, h, sh, r, v, y, w, x, z

ch, sh, th, ng, nk, qu

This week we created our own mini fact files about what we might find in the sea.

After the birth of the Royal Baby at the weekend, we did a themed afternoon where we engaged in a variety of activities linked to the Royal Baby. One of the activities was guessing the name, the children loved having a guess and we had some very interesting ideas!

Mathematics

This week in Maths we have introduced o'clock to the children. We have explained what the hands on the clock represent and what o'clock looks like. The children had a go at making these times on their clocks and then they went to tables to complete some work. *We have started teaching the children in larger groups in preparation for Year 1, we couldn't be more proud with how the children coped this week!*

Next week...

Literacy

Next week in Literacy we will be focusing on the story The Singing Mermaid. We will be comparing the characters in the story.

Mathematics

Next week in Maths we will be doing some problem solving based around numbers.

Provision

We will be continuing our Under the Sea provision theme. With a focus on learning facts about sea creatures.
