

What have we been learning in Early Years this week?

16th - 20th September 2019

Don't forget, the more you read at home and sign your child's reading diaries, the more your child is in with a chance of winning a book from our Reading Godmother!

The children have loved exploring colour mixing this week. We have been using primary colours to see what other colours we can make. Some children went on to create their own pictures using the colours they created.

Read Write Inc.

The children have done very well in retaining the picture cards in Read, Write Inc. Next week we will begin to learn sounds, starting with:

m , a , s , d , t

We are hosting a parent workshop for Read Write Inc so you can see how we are teaching your children. If you would like to come along, please let Miss Thornton know if you haven't already.

Mathematics

In Maths this week we have been exploring numbers to 5 using the Numberblocks videos to help us. We have explored ways of making numbers and how to recognise them in different forms.

The children have been continuing to form friendships in their new setting. We have been sharing and engaging in imaginative play.

Next Week

| RWI | Mathematics | Provision |
|---|---|---|
| <p>The children will finish learning the picture cards and will progress to learning sounds next week.</p> <p>You should have received a letter inviting you to join us for a RWI workshop on the 25th September at 2:30, we would love to see you there!</p> | <p>Next week we will continue our focus on Number. We will be specifically focusing on 1-5 and will be learning different ways to make these numbers. We will use numicon to help us.</p> | <p>The children showed an interest in babies, these have been added to the role play.</p> <p>The children have loved painting this week, next week we will be doing a variety of painting activities.</p> |
