

What have we been learning in Early Years this week?

13th - 17th January 2020

Parents/ carers are welcome to join us for a stay & play session on Monday 20th January at 2:30. You will be able to learn with your child and have a look at their learning journey. Please arrive early to enable time to sign in at the office.

The children have thoroughly enjoyed making kites this week in the Art area. Throughout the week they have become more independent in using scissors to make holes in paper and in tying string, we have had lots of Never Give Up attitudes! The children took their kites outdoors to see how high they would fly!

Read Write Inc.

The children are now in new phonics groups, they are still recapping set 1 sounds but some groups have begun to learn 'special friends'.

Mathematics

In Maths this week we have introduced numbers 11 and 12 to the children and we have also explored odd and even numbers. Most of the children can say if a number is odd or even using numicon. Other children investigated by sharing the number. We say odd numbers aren't fair but even numbers are!

The children have loved exploring odd and even numbers. We learned that when looking at numicon, even numbers have an even top and odd numbers have an odd top! We shared conkers between two people to check numbers we were unsure of.

Next week...

RWI	Mathematics	Provision
Next week children will be learning more special friends and consolidating set 1 single letter sounds. Please practise - sh, ch, th, ng, nk, qu	Next week in Maths we will be introducing numbers 13 and 14 to the children. In the provision we will be investigating the weights of different fruit. We will be using comparative language such as heaviest, lightest, heavier, lighter	Our provision is based around Little Red Riding Hood next week and to introduce the story we will be making fruit kebabs! Please let us know if this will be an issue. Any model making materials would be greatly appreciated.

If anyone has any spare pants or uniform they are able to donate to Reception this would be greatly appreciated.
