### **National Number Day! ROCK STAR!**

WOW! We had great fun today with all of the Rock Stars and Number ideas in school. The children learned about famous mathematicians like Ada Lovelace, Catherine Johnson, Rachel Riley, Alan Turing and Malala Yousafzai.

As the children came into school they were all given a number card to take into class. They used these to create activities like ordering, calculating, sorting and playing higher or lower - these are simple activities that you can play at home to support maths learning in school - just use numbers that are in the range your child understands. Maths is fun.

If you want more ideas to have fun with maths at home, check out these websites -

Thank you for your donations which will be shared between the NSPCC and school fundraising. Denese will have the collection tub at the gate if you forgot to send it in this morning.
