

What have we been learning in Early Years this week?

22nd October 2021

Don't forget, the more you read at home and sign your child's reading diaries, the more your child is in with a chance of winning a new book!

Have a restful half term!

Week 7

Well done Reception on completing your first half term! You've already learned so much and everyone has settled in really well. I'm very proud of all of you.

Lots of super learning has taken place this week, including making our own pumpkin potions and making mud potions independently whilst outside!

Read Write Inc.

This week, the children have been split into two phonics groups.

Miss Smith's phonics group learned- m, a, s, d, t

Miss Hazelton's phonics group learned- c, k, u, b

Below is a link to an RWI sound pronunciation guide. This will offer support on how to correctly pronounce the sounds. Pronouncing sounds correctly will make it easier for children to hear words.

<https://www.youtube.com/watch?v=TkXcabDUg7Q>

After half term, links to sound lessons will be sent home to support your children's phonics learning. More information to follow.

After half term

RWI	Mathematics	Provision
Miss Hazelton's group- f, e, l, h Miss Smith's group- s, d, t, i, n We will also be learning how to write these using our handwriting phrases!	We will continue learning all about the numbers to 10.	Next term, our topic is 'Let's Celebrate!' so we will be starting the term by learning about Diwali and Bonfire Night.
